VOL. 2.

EDMONTON, ALBERTA, TUESDAY, FEBRUARY 16, 1904

NO. 33

RUSSIAN FLEET MOVING ON JAPAN.

Japan and Russia Must Fight for Supremacy on the Sea.

JAPAN WILL INVADE MANCHURIA WITH IMMENSE ARMY.

(BULLETIN SPECIAL WAR SERVICE.)

IMPORTANT VICTORY.

London, February 15.—A correspondent at Tien Tsin wires that "reports of another Japanese victory at Port Arthur are confirmed." He says that eight Russian ships were sunk and ten captured, but the latter statement is unofficial.

FIGHTING ON YALU RIVER.

Paris, February 15.—News from a Russian source states that a battle between Russian and Japanese forces is now being fought on the northern bank of the Yalu river, where the Russian land forces are concentrated.

EXPLAIN THEIR ACTIONS.

Ying Kow, February 15.—The administrative authorities at Port Arthur have formally notified the United States and British consuls of the release of the neutral ships which had been seized. Both consuls had asked for an explanation. In answer to the demand of the British government for an explanation for which the British ships were held up by the Russians at Port Arthur, Viceroy Alexieff replied that the vessels were detained because they had Japanese on board.

ANOTHER EXPLANATION.

The shots fired at the British steamer Fu Ping by the Russian guardship at Port Arthur as the Fu Ping was leaving that Port last Tuesday were, the Viceroy says, due to a mistake on the part of the officers of the guardship.

WRECKING TRANS-SIBERIAN RAILWAY.

London, February 15.—It is reported from an official source in St. Petersburg that an attempt has been made by the Japanese agents to blow up the most important post and telegraph stations on the Trans-Siberian railway. It is also reported that an attempt has been made to dynamite the Trans-Siberian Railway bridge crossing Singari river. The Singari is the most important river in Manchuria and the point where the railway crosses it is just outside Harbin. Harbin is a strategic point controlling the traffic north to Vladivostok and Port Arthur. Should the railway become inoperative at that point Port Arthur would be doomed.

London, February 15.—A Port Arthur despatch received at St. Petersburg says: "The Vladivostok squadron, consisting of the Kiyaki, the Gnomonvia, the Kossiya, the Pozathra and the transport Leena, which recently left Vladivostok for a destination not named, has escaped. The present whereabouts of the ships is unknown."

DETAILS OF ATTACK ON PORT ARTHUR.

London, February 15.—The Japanese legation has received a despatch saying that the United States gunship Pleides has arrived at Che Foo from Port Arthur. The captain reports that the Russian ship Askold was brought into the inner harbor after the attack by the Japanese and she sank Saturday. The Russian casualties were 29 killed, 60 wounded on board the ship, besides two killed and several wounded in the fortress.

Che Foo, February 15.—It is stated that eleven Russian ships were damaged in the recent engagement at Port Arthur. The whole fleet has moved into the inner harbor. The torpedo boats remain outside on scouting duty. Five extra guns have been mounted on the forts and they are firing on every object suspected of being part of the enemy's fleet.

Tien Tsin, February 15.—Ten thousand Chinese regulars have been ordered to leave Pao Ting Fu for service on the Chi Li Manchurian border.

RUSSIA ACKNOWLEDGES DEFEAT.

It is stated that Russia has officially admitted that the Japanese have gained a footing in Manchuria and that Russia is unable to hold them back. Furthermore Japan has forced Russia back and is fighting on the north side of the Yalu river. Japan has 300,000 troops ready and will embark 100,000 next week.

A Russian squadron is said to be moving towards Korea and south Japan to bombard the ports.

M. Kurino makes the statement that the war is directly due to Viceroy Alexieff. The landing of 20,000 Japs at Chemulpo has been confirmed.

WAR MOVEMENTS.

New York, February 16.—The Herald this morning publishes the following comprehensive introduction to its war news: "Every reinforcement for Russia is reported as moving toward Harbin and through Manchuria. Japan is said to have already landed twenty thousand troops at Chemulpo. No new developments as to the movements of the Vladivostok fleet are related. Reports of the naval action at Chemulpo continue to flow in having evidently been held by the censor and released unblock."

These reports bear further testimony to the coolness and persistency of the Japanese admiral and the courage of the Russian commander and his men in moving out to a hopeless fight and the evident sympathy of the naval commanders of the other powers gathered in Chemulpo for the officers and men who gallantly went forth to certain defeat and probable death.

From Port Arthur, via Che Foo, comes the unexpected announcement that the Russian fleet is moving in the direction of Korea or the south of Japan. Two of the injured battleships it is said have been repaired and are with the fleet. The news lacks verification. If true the Japanese movement of troops to Chemulpo is threatened and the Mikado's fleet must fight a decisive battle for the control of the sea.

The Herald's staff correspondent at Tokio, sends the first letter received from the seat of war and tells of the thoroughness of Japan's preparations and the remarkable discipline, loyalty and determination of the Japanese; there being deadly hatred of Russia and a belief in Japan's ultimate triumph. M. Kurino in an interview in Berlin declared the war was directly due to the Viceroy, Admiral Alexieff.

JAPAN WILL INVADE MANCHURIA.

Shanghai, February 15.—Advises received from Nagasaki state that more than 100,000 Japanese soldiers will be embarked upon transports and will sail within the next week. The transports will set off from several different points. All the arrangements for the vessels and the supply of lighters are already completed. The points at which the troops will disembark is a profound secret. A boom is being laid across the entrance of Nagasaki harbor.

ENGLAND WILL STAND BY JAPAN.

Berlin, February 15.—The Lokal Anzeiger tonight publishes a remarkable interview with M. Kurino, former Japanese minister at St. Petersburg. M. Kurino declared that he was convinced that Russia did not desire war, that is to say, the government at St. Petersburg did not wish it, neither did Japan. When hostilities were at last opened declared M. Kurino, "it was directly due to the action of Admiral Alexieff. By his ostentatious preparations for war he rendered war inevitable." M. Kurino affirmed that the Viceroy never delivered the last note to the Japanese government. As to M. Kurino himself, he had not the slightest information as to what the note contained. In a reply to a question, the former minister denied that the Czar on New Year's Day had told him or even intimated "that Russia's patience was exhausted." Only a few cordial commonplaces were exchanged between them and no reference was made to affairs of state. "As to the duration of the war," said M. Kurino, "that is a matter of which I know nothing. The military experts alone can settle that point." In conclusion M. Kurino expressed the strange conviction that France would not interfere in the conflict "and if she does" he added "England can be depended upon to stand by the Japanese."

PERSONAL

Wm. Muller returned last night from Toronto and other eastern points.

Wm. C. Pratt, a former well-known resident of Edmonton, is in the city today.

J. G. Harkness, of the Massey-Harris Company, Edmonton, has resigned. He leaves in a short time for Morningside, where he will enter into business for himself.

Mr. Peter Talbot, M.L.A., Lacombe, has been unexpectedly called to the east, and consequently has had to cancel an advertised series of meetings which he intended to address in his constituency.

Mr. W. J. Shera, M. L. A., Port Sagatehewan, and Mrs. Shera, left by this morning's train for the east. They will visit Toronto, Montreal and Ottawa and other eastern cities before returning.

Dr. E. Jones, of Toronto, who has spent a considerable portion of the last few years in travelling around the world, has been spending the past few days with Mr. W. McElrath, Edmonton. He is greatly pleased with Edmonton's prospects and thinks our growing town has a splendid future before it.

NEW ADVERTISEMENTS.

WANTED.

A good girl for general house work. Apply to Mrs. Klammer, corner Fifth street and Victoria Avenue, d-39-41-p.

HOUSE FOR SALE.

House for sale in west end. Seven rooms. Heated with furnace. Immediate possession. Apply J. G. Harkness, Massey-Harris Co. d-39-41-p.

TUESDAY, FEBRUARY 16th.

BOARD OF TRADE
 A special meeting of the Edmonton Board of Trade was held in the council chamber on Friday afternoon.

The first matter discussed was that of seed oats. The Board of Trade has been carrying on correspondence on this subject with the Ottawa department of Agriculture for some time. All the telegrams in this connection were read by Vice-President Morris.

After some discussion it was decided that one carload of white banner seed oats from Brandon, Manitoba, and two carloads of white banner seed oats from Ontario be ordered by wire, through the Department of Agriculture, Ottawa, it having offered through Mr. Geo. O'Halloran, deputy minister, to purchase, inspect and forward.

It was moved by J. H. Morris, seconded by W. Richardson, that the Board hereby guarantee Messrs. Porter and McDougall and J. H. Gariepy against loss if any, if they will handle one carload from Ontario and Messrs. The Brockman-Kor Company for handling one carload from Brandon, Manitoba, Carried.

It was moved by A. E. Potter, seconded by T. W. Lines, that President Morris, Vice-President Morris and Secretary Sims be a committee to wait on the Edmonton council regarding the resolution on seed oats.

It was moved by J. H. Morris, seconded by J. H. Gariepy, that the secretary be instructed to notify Strathcona, Fort Saskatchewan and other points of the action taken by the Board.

The secretary, F. F. Sims, will receive orders for the seed grain at the following prices—Oatmeal seed, 65 cents a bushel; Manitoba seed, 65 cents a bushel.

The arrival of immigrants from the old country was next discussed. It was moved by J. H. Morris, seconded by T. M. Turnbull, that President Morris and J. H. Gariepy be a committee to interview Mr. F. Oliver, M.P., and ask him to wire the department pointing out that Edmonton is the natural point to send immigrants to the country down the river east of here as lumber for building and supplies of every kind can be obtained here and landed more cheaply than the bulk overland from Saskatchewan, and also that a steamer was just about completed to ply between Edmonton and points west.

The committee appointed to meet the council did so at the council meeting Friday evening and the council endorsed and guaranteed the action of the Board of Trade.

LOCAL

—The A. O. F. will not meet to-night.

—Coun. Lodge L. O. L. meets to-night in Houston's Hall.

—The regular meeting of the city council will be held this evening in the usual place.

—The weather probabilities announce continued cold weather from Manitoba to the Mountains.

—Strathcona senior hockey club play on Edmonton ice Thursday evening for the Calgary Throwing Cup.

—L. J. Aiken, of Namsa, left this morning for his home in North Dakota.

—He will return in the spring with his relatives, and will bring four cars of settlers' effects with him.

—The funeral of the late Miss Minnie J. Patterson took place from her father's residence at Lodge to the Ladies cemetery.

The funeral was very large and was a testimony to the esteem in which Miss Patterson was held by all who knew her.

The pallbearers were Messrs. E. O'Neill, E. B. Hunter, B. Van Allen, John Leach, Ed. Schinke and Nelson Tuxell.

Among those at the funeral were Miss M. Kinney and Rev. W. J. Johnson, of Riverton and Rev.

THE NATIONAL TRUST COMPANY.

The days of the personal executor or administrator are rapidly passing. Their particular functions are now being assumed by trust companies, which from every standpoint present manifest advantages over the older, but less efficient, individual.

Especially necessary in this day, system of entrusting to individuals the administration of legacies and estates. Executors are human and at the critical period of their duties, as such, may find themselves unable to give them attention or may be victims of one of the thousand little human frailties.

From those, such a danger is practically eliminated when an executorship is placed in the hands of a trust company. Usually an executor selected by a testator is amongst those held by him in the highest esteem, both as to judgment and integrity. But human nature is exposed to great changes either physical or moral.

The trust company provides immunity from those. The Canadian public are rapidly realizing the advantage of institutions making a specialty of trust business. No better evidence of this can be advanced than to cite the growth of a local corporation—the National Trust Company.

The charter of the National Trust Company empowers it to act as executor, trustee, guardian, administrator or general agent. Its operations as such are extensive as will be seen from the report of the recent annual meeting published elsewhere in this issue. On December 31st last the capital and trust under administration of the company amounted to \$6,734,200.

The capital liability amounts to \$1,000,000.00 and on this a dividend of six per cent. was paid. The net profits for the year, after deducting all costs, was \$89,359.94. After providing for dividends a substantial amount has been added to the reserve which now amounts to \$230,000.00 and \$10,000 has been written off office expenses.

The assets of the company are such as can be readily converted into cash. Stock and other securities held by the company, amounting to \$448,511.13, are, we are told by President J. W. Flavelle, in his address at the annual meeting, put down at considerably less than present market quotations.

Such being the case, the National Trust Company is in an enviable position with regard to such holdings as it has. The past year has been disastrous to several trust companies in the United States, which could not withstand the severe contraction in valuations.

The Canadian trust companies, however, are subject to more rigid charter provisions than those of the United States and the returns required are very exhaustive. The business of a trust company is essentially of a character that should not be excluded from publicity. Prudent legislation secures this. The full statement of the National Trust Company and the instructive speech of President Flavelle cannot but inspire confidence.

"ALBERTA BELLE"
 This beautiful gasoline launch, 30 feet long, speed 10 miles per hour, built in 1903, finished in white oak, modern equipment, 10 horse power engine, can be bought for \$1,200. Cost \$1,400. The boat is acknowledged to be one of the prettiest models and best ever seen on the Saskatchewan river. It is well suited for lake and river.

IMPERIAL PARLIAMENT
AND THE FISCAL POLICY

A Narrow Majority for the Government's Policy — How the House Voted.

(Bulletin Special Despatch.)
London, Feb. 15.—John Morley's amendment to the address in reply to the speech from the throne regarding the government's fiscal policy was discussed to-night. In the course of the debate Mr. Morley declared that the Irish party had no confidence in the government, which was not in favor of Home Rule. In the vote which followed 69 Nationalists voted against the government, as did 27 Unionists, including Ritchie, Lord George Hamilton, Cecil Curzon, Lord Foster, Kemp and Hon. F. W. Lamberton. The division resulted— for the amendment, 276; against, 225. Government majority, 51.

A RAILROAD ACCIDENT
NEAR KILLARNEY MAN.

A Double Header East Bound Express Tumbled Into the Ditch — No Lives Lost.

Killarney, Man., Feb. 15.—A double-headed eastbound express was derailed near here yesterday afternoon. The train had just passed the rough cutting when one engine and tender was derailed and turned completely upside down in the ditch. The other engine was derailed, but kept the grade as did a car of pigs which was sent. Two cars, the baggage car and smoker, went into the ditch on top of the engine. The last two passenger coaches and the van stayed on the track. The engineers and firemen were dug out from under the wreck unhurt.

ALASKA BOUNDARY LINE

To be Finally Settled

United States and Canada Each Appoint a Representative to Definitely Settle the Boundary.

Ottawa, Feb. 16.—W. F. King, chief astronomer of Canada, representing the Canadian Government, and a British representative, representing the United States, have been appointed to settle the Alaska boundary line for which provision was made at the tribunal which sat in London, England, last summer.

A meeting will be held immediately, most probably at Washington, by Messrs. King and Britton to make all necessary arrangements for the prosecution of work.

ENTANGLED IN A FENCE

A Brandon Man Freezes to Death Within a Few Miles of the City.

(Bulletin Special Despatch.)
Brandon, Man., February 15th.—A Brandon man was found dead in the grip of the frost this afternoon, about three miles east of the city, by section foreman Smith, of the Canadian Pacific Railway. The man was entangled in a fence.

DOLLAR WHEAT

In New York — No. 1 Hard is away up in Price — Rise in Oat Prices.

(Bulletin Special Despatch.)
New York, February 15th.—Wheat reached the dollar mark here today for the first time since June, 1893, after the latter corner. The rise was accompanied by a similar rise in corn and oats. Coffee and cotton on the contrary broke heavily.

RESIGNATION OF LORD ROBERTS

Lord Roberts has retired from the War Office and the Duke of Connaught will be appointed.

STREET RAILWAY AGREEMENT

On Friday evening the Council approved of the draft agreement with Mr. Treshaw respecting the Street Railway, subject to the opinion of a meeting of the ratepayers to be held during the present week on a day fixed at the Council's regular meeting to-night. The following synopsis of the more important provisions of the agreement are given for the information of ratepayers in anticipation of the public meeting:

The Company is to construct and bring into operation by the 1st September, 1905, at least two miles of railway commencing at 9th Street, Mainway Avenue, then running to and westward along Jasper Avenue. As a guarantee the Company deposits with the Municipality \$25,000, \$5,000 of which is forfeited for each year the Company is in default after 1st September, 1905. If the Company does construct and bring into operation the two miles then the \$25,000 or balance in the hands of the Municipality is to be retained by the Municipality as guarantee that within three years of the completion and bringing into operation of the two miles the company will construct a suburban line of 9 miles in length or one to Strathcona.

Edmonton is to be the centre of operations of the Company; the Company is to construct all its buildings etc. except its power-house within the town.

The Company is forbidden to run freight cars or passenger cars on Sunday but it may be required to run passenger cars hereafter by a vote of the majority of the residents of the town.

The Company is bound to make extensions of its lines within the Municipality, on six months notice, if for every half mile along the proposed line and within 1/2 of a mile on each side of it, there are bonafide residents 400 persons over 5 years of age.

The Company is, if possible, to make arrangements with the Steam Railway Companies for junctions and to transfer freight cars from the Steam Railway lines to and along the Street Car lines and to put in sidings under the same arrangements as are usual in the case of Steam Railway Companies.

If a suburban line is built by the boundary of the municipality the Company is to make close connection with it and to transfer its freight cars, and way freight and passengers and if required supply the suburban line with motive power.

The term of the franchise is 30 years. At the end of that term at the end of any subsequent period of 5 years the town may take over the Municipal System at a price to be fixed by arbitration and may require the Company to furnish motive power to run the Municipal system on terms to be fixed also by arbitration. On the Town taking over the Municipal System the Company is to have the right to use the same.

pany is to have running power over it for their suburban cars under such terms, conditions and restrictions as may be fixed by arbitration.

The Company is to be exempt from taxation for 10 years after ten years it is to be subject to taxation and also to pay a tax of \$20 a year for each car belonging to their Municipal System and 5 per cent of the gross yearly earnings in the Municipality until they reach \$50,000 after which the percentage is to be increased to 8 per cent.

If the Company obtains power by agreement to its charter to sell motive power for purposes other than its own, the Municipality is to permit it to put down appliances for its distribution.

The Contract comprises 71 clauses and contains all the customary provisions as to the construction and operation of the line.

SPORTS

The Lacombe hockey team, and their enthusiastic supporters, left on yesterday morning's train for the south. The boys arrived in the city Friday evening and while here made a very large number of warm friends who will always be glad to welcome them back to Edmonton.

While here the team met both Edmonton and Strathcona hockey teams in friendly contest and succeeded in defeating Strathcona but were defeated by Edmonton. The utmost good feeling existed during each match and the Lacombe boys are proud of their prizes of the way they were treated on the ice and especially for the enthusiastic support given them Saturday night.

The Lacombe hockey team management wish, through the Bulletin, to thank the hockey teams of Edmonton for the numerous ways in which their visit in Edmonton was made very pleasant. The boys were delighted with their trip and guarantee the Edmonton hockey club and supporters a warm welcome to Lacombe when our boys decide to take the trip.

The games are being arranged for the Calgary Festival competition, between Edmonton and Strathcona. The first game will probably take place in Edmonton on Thursday evening. Edmonton wins the cup outright; provided she wins it this year.

LOCAL

The Calgary cattle show will be held on May 10th, 11th, and 12th.

The Ladies Aid Society of the Edmonton Presbyterian church will give an Art Home to the ladies of the congregation to-morrow. The object of the Art Home is to give an opportunity to the ladies of the congregation to become better acquainted with one another.

A young man named Lehman, of the Halfway House, nine miles from Edmonton, met with a very serious, if not fatal, accident yesterday afternoon. While handling a shotgun he was suddenly discharged, the charges entering one of Mr. Lehman's hands. Medical aid was immediately summoned and it is expected that amputation will not be necessary.

Tenders are being called for the work and materials necessary in the improvement of that portion of the Fort Saskatchewan-Victoria road between Two Creeks and Star, between townships 55 and 58, ranges 19 and 20, by the construction of a ditch or ditches and culverts. Plans, profiles and specifications can be seen at the office of A. Driscoll, D. L. S., Edmonton. The estimated quantity of excavation is 8,500 cubic yards.

A great deal of interest has been taken in the poultry and pet stock show in Strathcona yesterday and today. A number of pet stock fanciers have been present, and a number of entries have been made. From Edmonton, several of the entries capturing prizes. The present severe weather is probably a drawback to the success of the show but a great deal of interest has been stimulated in these matters which will doubtless lead to much more successful shows in succeeding years.

Reports of continued cold weather continue to come from western Ontario and other parts of Canada. The whole of western and eastern Ontario has been buried in several feet of snow. In the western peninsula the train service has been paralyzed and many of the Lake Huron towns have been cut off from railway communication for upwards of five days. Intense cold prevails and altogether the winter has been the most severe in the memory of the oldest timer. Northern Alberta is experiencing a spell of cold weather but the conditions do not compare with those referred to in western Ontario.

The funeral of the late Miss Agnes McCallum took place from the general hospital this morning to St. Joachim's church. The pall bearers were Messrs. Wm. and Chester Stanford, McLean, Morden, L. Goodridge and W. Stoeness. Appropriate services were conducted at the church and at the grave side by the Rev. Father Jan. A very large number of her friends and acquaintances, particularly young people, were present to pay their last respects to the deceased. Miss Agnes was a wide-spread of friends who deeply mourn her early death.

Notice to Farmers

Our Board have ordered by wire through the Department of Agriculture, Ottawa, whom have kindly offered to purchase, inspect and forward three carloads of good white seed oats.

One car will be from Manitoba and will be sold at 48 cents per bushel cash. Two will be from Ontario at 65 cents per bushel. The Manitoba oats will be handled by the Strathcona-Ker Co. and the Ontario oats by Foster & McDougall, and George & Leonard.

Those oats which come asked and nothing less than a sack sold. With the war now on, it is important that every farmer should secure the best seed he possibly can. There is a special offer of a special discount to those who can be seen with above or the undersigned.
